

We are committed to providing high-quality care close to home, further enhancing and expanding our services, and making the right investments to promote and protect the health of our region. We take seriously our responsibility to advance our mission of *making communities healthier*® and support our community as a vital economic engine. Our dedicated teams are committed to going above and beyond to meet the needs of those we serve – both inside and outside our hospital walls. With support from Duke LifePoint Healthcare and community partners, like you, we continue to make a positive difference together and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. Thank you.

**Christopher Munton, CEO**

## 2022 Community Benefits

**Added 87 employed and independent providers**

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in anesthesiology, cardiology, general surgery, hospice, internal medicine, neonatal and emergency care, urology, optometry, ophthalmology, pediatrics and more.

**Made nearly \$3.7 million in capital improvements**

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included nursery auditory testing equipment, an EMS stretcher for pediatric and neonatal patients, dietary services upgrades, new LifePak defibrillators, a satellite system and replacement IV pumps.

**Distributed a payroll of \$63,300,589 to approximately 890 employees**

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

**Donated more than \$37 million in services to those in need**

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

**Paid \$7,338,125 in taxes**

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Swain Community Hospital
