

OUR 2023 COMMUNITY IMPACT IN North Carolina

Duke LIFEPOINT
HEALTHCARE

Duke LifePoint Healthcare provides quality healthcare and civic leadership to 10 communities in North Carolina. Duke LifePoint is nationally recognized and continues to develop innovative models for quality care delivery that are critical to the well-being of our patients, clinicians and communities.

Each Duke LifePoint facility produces an annual Community Benefit Report, showing the broad scope of its contributions to the communities it serves. Below is a summary of the collective impact of our hospitals in the Tar Heel State.

● Acute Care Hospitals

About **Duke LifePoint Healthcare**

OUR MISSION

Making
communities
healthier®

OUR VISION

We want to create places where:

- People choose to come for healthcare
- Physicians and providers want to practice
- Employees want to work

OUR CORE VALUES

-  Champion patient care
-  Do the right thing
-  Embrace individuality
-  Act with kindness
-  Make a difference together

OUR PROMISE

Duke LifePoint Healthcare promises to engage with our patients and people, lead quality innovation and advance knowledge to improve health in the communities we serve.

Duke LifePoint Healthcare is a joint venture of Duke University Health System and Lifepoint Health that was established in 2011 to bring high-quality healthcare services to community hospitals in North Carolina and the surrounding region, as well as regional referral centers across the nation.

Duke LifePoint hospitals uniquely benefit from Duke's patient safety and clinical quality expertise and Lifepoint's operational and financial resources and expertise. Innovation is at the core of our joint venture, as Duke LifePoint was among the first successful collaborations between academic medical centers and investor-owned healthcare systems.

Today, Duke LifePoint is nationally recognized and continues to develop leading-edge models for the delivery of quality care.

We recognize the crucial role a thriving healthcare system plays in supporting the economic health and development of a community, and we are proud to share our contributions through this report.
